

Slip lining from the Main Sewer pump station to the corner of Stop & Shop is now complete.

The following is the expected work schedule for the week of December 28, 2015, as provided by Revoli Construction.

- Revoli's crew will continue to fuse the 18-inch liner pipe in the American Legion Parking Lot.
- The existing force main pipe under the Shawsheen River between Stop & Shop and the American Legion will be internally inspected.
- The crew will begin to excavate access pits in the American Legion parking lot to facilitate the slip lining process from the Shawsheen River up to Great Road.
- The crew may begin to excavate access pits in Great Road, depending on the winter weather.
